### Desperate Attempt To Ease Pressure At Kharkov Starts

Nazi and Soviet Tanks and Infantry Locked in Terrific Battle at Close Quarters

RESISTANCE BREAKING

By ROGER D. GREENE  
Associated Press War Editor  
Russia's armies storming toward the great Ukraine steel city of Kharkov were reported by London sources to have fought their way "into the heart of the city's defenses" today, while the Germans were massing 100,000 paratroopers for a giant airborne invasion of the Caucasus.

The German high command said that Axis Crimean troops had already overrun the Kerch peninsula, across the narrow Kerch Strait from oil-rich Caucasus. Moscow said battles still raged there.

Apparently the Russians refused to be deceived.

At mid-day, the Russians reported they were smashing ever closer to Kharkov despite stiffened German resistance and declared the fighting was spreading like wildfire along the entire southern flank of the 125-mile front.

As the battle mounted in ferocity, authoritative London quarters disclosed that the Allied air commands are preparing to send 1,000 bombers a night against German targets in a gigantic campaign to support Russia and knock out Germany's war industries.

Meanwhile, the Russians declared that the German offensive against Arctic Murmansk, port of entry for United States supplies to Russia, had been thwarted by the sinking of 95,115 tons of German shipping in the Barents Sea during April.

Dispatches to Red Star, the Soviet army newspaper, said that in one sector German and Russian tanks and infantry were locked in a terrific battle at such close quarters that Nazi warplanes dared not risk supporting their own land troops for fear of hitting them.

In this clash alone, 46 German tanks were reported left in ruins and 51 others destroyed elsewhere.

Pravda likened the Russian stand at Kerch to the long American defense on Bataan Peninsula in the Philippines.

Sixty-two Nazi tanks were reported destroyed in yesterday's daylight fighting and 27 more were left in fire-charred ruins as the battle raged into the night.

The Soviet communiqué also listed 650 German officers and men killed and wounded in the latest hours of the struggle.

British military quarters said a successful German counter-offensive toward Izium and Barvenkova, 80 miles below Kharkov, could be a serious threat to the "tender spot" in the Red Army's drive on Kharkov, but the Russians indicated that so far they had lost no momentum.

Countering a Berlin claim that Axis troops had crushed Soviet resistance on Kerch Peninsula, the Soviet communiqué said:

London, May 20.—(P)—One detachment of four-motored Stirling bombers carried 40,000 fire bombs to Mannheim and attacked that southwestern German city last night, air ministry sources said.

Pittsburgh, May 20.—(P)—Downtown Pittsburgh experienced its first practice air raid office evacuation today with 500 occupants of the Chamber of Commerce building scurrying to shelter zones within four minutes after the alarm sounded.

Washington, May 20.—(P)—Captain James Roosevelt, son of the president and who once held a eutenean colonel's commission in the marines, has been selected for temporary promotion to major, the marine corps disclosed today in announcing the names of 310 captains chosen for advancement.

### Industries In France Are RAF Targets

Hundreds of Bombers Rain Explosives on Europe's Second Biggest Island Port

AUSTRALIA IS TENSE

By the Associated Press  
While German and Russian armies battled at peak fury, Britain's aerial "second front" offensive pounded heavily at the big German war foundries city of Mannheim and attacked the Nazi U-boat base at St. Nazaire, France.

The British said "hundreds" of RAF bombers rained explosives on Mannheim, Europe's second biggest inland port, the site of major chemical, armament and engineering works. Fourteen planes, including two fighters, were acknowledged missing.

Vichy reported that wave after wave of planes also skirted north of the capital of unoccupied France during the night, flying toward northern Italy. Vichy anti-aircraft guns fired at a lone plane over the city.

German night raiders struck back with an attack on a town in northeast England, killing at least 12 persons and starting fires which left hundreds homeless.

Overshadowed by the great battles in Russia, the Far Pacific war theater took on ominous new significance today as Australia's (Turn to Page Seven)

### YOUNG JUSTICE OF PEACE IS TRAILING

Pittsburgh, May 20.—(P)—William Lenzner, Jr., Allegheny county's youngest justice of the peace, who joined the air corps and left his mother and wife to run his campaign for congress, was trailing badly in incomplete returns from the 16th district today.

Leading the seven-man-and-woman race for the Republican nomination for the district, newly created to arrange for re-apportionment, was Robert Van Der Voort, assistant district attorney, of adjoining Bellevue. Second was Robert Kegg, of Pittsburgh, clerk of criminal court.

Rep. Thomas E. Scanlon, incumbent Democrat, was unopposed for re-nomination.

London, May 20.—(P)—Bombing Germany is the best way of assisting Russia "until such time as we are able to make a carefully planned attack upon the continent of Europe, which we intend to do," Sir Stafford Cripps told the house of commons today.

Answering criticism in the second day of a war debate in which Prime Minister Churchill is not participating, Sir Stafford, who is the government leader in the house, declared the government was ready to face a vote of confidence if "any substantial body of members" desired it.

Leslie Hore-Belisha, former war secretary and a sharp critic of Britain's war leadership, urged establishment of a separate ministry of defense, which now is under Churchill.

The house, some of whose members have insisted that Prime Minister Churchill engage in the current war debate, was informed by Sir Stafford Cripps that Churchill was not participating because he had nothing to add to his recent statement.

### PRISONER COLLAPSES

New York, May 20.—(P)—El Shonbrun, co-defendant in the murder trial of Madeline Webb and another man, collapsed in his chair at the counsel table today and was carried from the court room by attendants.

### Ross Confident of Defeating Opponent

Harrisburg, May 20.—(P)—Auditor General F. Clair Ross declared today that he was "as confident" of winning the general election as he was of claiming the Democratic gubernatorial nomination.

The nominee was besieged at his home by telephone calls from friends and well-wishers and said he had not "even considered" who he would support for state party chairman.

David L. Lawrence, former state chairman and now Democratic national committeeman, supported Ross in his victory over Judge Ralph H. Smith and Luther A. Harr.

### Nationwide Gas Rationing Being Mapped

War Production Board Directs Bureau to Draw Up Plan Immediately

MAY START JULY FIRST

BY FRANK M. LE MAY  
Washington, May 20.—(P)—The possibility of further gasoline rationing spread over the map today as the government considered curtailment of automobile driving throughout the country to conserve rubber.

The War Production Board directed the Office of Defense Transportation to draw up a nationwide plan in conjunction with Petroleum Coordinator Harold L. Ickes and Price Administrator Leon Henderson.

July 1 was mentioned as the logical date to start the program, if it finally was adopted. That is the date consumer rationing by coupon books will become effective in the east and Pacific northwest, supplanting the present temporary card rationing system which began last Friday.

Overall gasoline consumption in 17 eastern states and the District of Columbia now is curtailed by 50 percent, Oregon and Washington, now with a one-third cut, will go on a one-half basis June 1.

The WPB was understood to have decided to prepare for nationwide rationing after hearing a report that American motorists were wearing away tires and tubes at the rate of 45,625 tons a year, or 250,000 pounds of rubber a day.

### WALSH EXONERATED BY JUSTICE DEPT

Washington, May 20.—(P)—Democratic leader Barkley (Ky.) told the senate today Attorney General Biddle had informed him that a justice department investigation had "completely exonerated" Senator Walsh (D-Mass.) of publishing statements that Walsh had visited a "house of degradation" in Brooklyn.

Addressing a crowded senate in which Walsh was one of the few vacant seats, Barkley told of the publication in the New York Post of charges that Walsh had been a frequent visitor to a house in Brooklyn at which soldiers and sailors were "plied with liquor" in order that information on the movement of ships might be obtained from them.

London, May 20.—(P)—Heinrich Himmler, head of Germany's gестаapo, has been made supreme chief of police in the Nazi-occupied Netherlands, the Stockholm newspaper Tidningen said today in a dispatch relayed to the Aneta news agency.

This followed a Stockholm report last night to Tass, Soviet news agency, that the Germans planned to incorporate the nation into the German Reich as an autonomous province to be known as "Niedermark" under the rule of Anton Mussert, Dutch Nazi leader.

A spokesman for the Netherlands government-in-exile warned Dutchmen in a broadcast from London that such a development appeared likely in view of the arrival of Himmler in the Netherlands.

The execution of 96 persons accused of plotting to aid an Allied invasion, rearest of all former Dutch army officers and cadets and seizure of 469 prominent citizens as hostages were among German retaliatory measures in the past week.

### JAP CLAIMS DISPUTED BY DOOLITTLE

Leader of Squadron That Blasted Island on April 18 Gives Out Some Details of Bombings

PRAISES COMPANIONS

Washington, May 20.—(P)—Those nine American bombers the Japanese claimed to have shot down during last month's sensational raid over Tokyo turned out today to be as mythical as the Shangri-La from which President Roosevelt said they came.

Brig. Gen. James H. (Jimmy) Doolittle, revealed yesterday as the leader of the squadron that blasted a 40-mile path of fire and destruction through Japan on April 18, declared that all the bombers reached their destinations safely.

Told, after President Roosevelt had presented him with a Congressional Medal of Honor for that feat, that the Japanese claimed to have one of the American planes on display, the sparse-haired 45 year old former speed champion hooded.

"The Japanese do not have one of our planes on display," he said. "They may have painted up one of their own to look like ours, or they may have gotten an American plane from somewhere else, but not from us."

He declined to discuss a Russian announcement that an American plane had landed in Russia shortly after the raid and been interned.

He likewise declined to give away the closely guarded secret of where the bombers took off. President Roosevelt has suggested Shangri-La, the Tibetan sanctuary portrayed in James Hilton's novel "Lost Horizon."

(The German radio reported last night that Doolittle had "carried out the air attack against Japan from the airbase Shangri-La, which was not otherwise described by Roosevelt.)

But if the Japanese broadcasters who cackled so hysterically all during the raid were wrong about the nine planes being shot down they were right when they said the attackers could be plainly identified as American by their insignia.

General Doolittle disclosed that the raiders flew at almost house-top level except when they approached their targets. Then they rose to 1,500 feet in order to escape the blast of their own bombs.

Purpose of the high-speed low flight level, which enabled them to contemplate the expressions of Japanese freight and amazement below, he explained, was to make the heads of anti-aircraft gunners swim.

Emphasizing that all of the objectives were of a military nature, Doolittle said several of his B-25s (Turn to Page Three)

### Faddis Fails In His Bid For Renomination

Pittsburgh, May 20.—(P)—Democratic Rep. Charles L. Faddis was defeated in his bid for renomination in yesterday's primaries by Dr. Grant Furlong, Donora burgess and physician, returns from all but 49 precincts in the new 25th congressional district showed today.

Backed by the CIO, Dr. Furlong ran ahead of Faddis in both Washington county and the part of Allegheny county comprising the district. The vote for 217 of 266 precincts was Furlong, 7,569, and Faddis, 5,635.

Union leaders had contended that the outspoken representative, a veteran of 10 years service from the old Washington-Greene county district, had given his support to proposed legislation to curb union labor.

Faddis was the second member of congress to lose a chance to stand for reelection, Rep. Guy L. Moser of Douglassville, dropping (Turn to Page Three)

### Torrance Pleased With the Results

Harrisburg, May 20.—(P)—James F. Torrance, Republican state chairman, today said the Republican slate headed by Major General Edward Martin "is a splendid ticket to win with in the fall."

"I am very well pleased with the ticket as nominated by the Republican voters," he declared.

### Tidioute Man Is Found Dead At Youngsville

Walter C. Kirkpatrick Is Reported as a Suicide By Slashing Throat

### DESPONDENCY CAUSE

The body of Walter C. Kirkpatrick, 73, a resident of Tidioute for a number of years, was found this morning about 6:30 o'clock at the rear of the Pennsylvania Railroad depot in Youngsville, the left side of his throat slashed. It was reported to Coroner Ed C. Lowrey.

The discovery was made by Albert Lundgren, of Youngsville, who was on his way to work.

Deputy Sheriff L. E. Linder and Pvt. L. G. Fobes, of the state motor police, who investigated for the coroner, reported that it was a clear case of suicide, as a small pocket knife was still clutched in the man's hand. There was no indication of foul play, they said.

It was reported that he had been residing for a number of years with a brother, C. C. Kirkpatrick, in Tidioute. The investigating officers were told that he had been in ill health and that he was despondent.

Mr. Kirkpatrick left Tidioute to come to Warren on Friday. However, he had stayed at a Youngsville hotel for several nights. Yesterday afternoon he was seen sitting at the spot where the body was found this morning. From the condition of the body, it was believed that he had committed suicide sometime around midnight.

Besides the brother with whom he resided, he leaves another brother, Eldred Kirkpatrick, of Lakeland, Fla., and a sister, Mrs. Elma Stiverson, of Bremen, Ohio.

Removal was made to the Hull Funeral Home in Youngsville. Plans for the funeral are not complete.

Coroner Ed Lowrey is in Youngsville this afternoon completing the investigation.

### May Restrict Store Stocks

Washington, May 20.—(P)—The War Production Board is expected soon to limit the stocks of goods which may be held by retailers and wholesalers.

Such a plan is definitely being considered by the board, informed persons said today, in order to assure an equitable supply of consumer goods, despite wartime production curtailments, for all merchants and their customers.

The action would cover a consumer field as sweeping as the universal price ceiling which went into effect on all retail sales Monday; that is, virtually everything that Americans wear, use or eat.

Even broader implications were seen by some observers who believed that some such program would be a pre-requisite to any widespread rationing of consumer goods if need for such action should arise.

### CHILD DROWNS

Chambersburg, May 20.—(P)—Gladys Rotz, two-year old daughter of Mr. and Mrs. Harold W. Rotz of nearby Five Forks, drowned yesterday in a livestock watering trough at her home.

## Martin Will Oppose Ross For Governor In The Fall Election

Philadelphia, May 20.—(P)—Both Republican and Democratic state organizations nominated their candidates for governor, while two veteran Democratic congressmen lost their chance to stand for reelection, unofficial returns of Pennsylvania's primary showed today.

### MAJORITY IN COUNTY FOR DAVIS IS 324

Major General Edward Martin, the New-Grundy candidate, handed U. S. Senator James J. Davis, secretary of labor under three presidents, the first defeat of his long public career, to capture the Republican gubernatorial nomination.

His fall opponent will be F. Clair Ross, state auditor general, backed by National Committeeman David L. Lawrence and the Democratic state committee, who won out over U. S. Senator Joseph Guffey's candidate, Judge Ralph H. Smith, of Pittsburgh, and Luther A. Harr, bituminous coal consumers' counsel.

Rep. Charles I. Faddis, outspoken chairman of the house sub-committee on military affairs, was defeated for Democratic renomination by Dr. Grant Furlong, who had strong CIO support, in a new Washington-Allegheny counties district. Labor leaders had contended that Faddis gave support to proposed curbs on union labor.

Rep. Guy L. Moser, who has represented the Reading area for six years, lost out to Daniel K. Hoch for a chance in the fall general balloting.

The slates of both victorious gubernatorial candidates for state-wide offices also were nominated. In that race, returns from 7,934 precincts (Philadelphia complete and 954 of 1,004 in Allegheny) of 8,124 showed:

Republicans: Davis 412,819; Martin, 507,126.  
Democrats (7,657 precincts—Philadelphia complete, 948 in Allegheny—of 8,124): Ross, 266,034; Harr, 46,545; Smith, 201,478.

Both Davis and Smith conceded their defeat.

It was the lightest primary vote in years, with less than 30 percent of the registered electorate participating, despite bitter personal campaigning among the Republicans.

Martin had the major leaders in his camp, including Governor Arthur H. James; Davis, with his huge personal folio, had the backing of many county chairmen. They put on the best show of the campaign, the General hitting sharply at the senator's vote against the lease-lend bill before Pearl Harbor. Davis used as a target for criticism the endorsement of Martin by Joseph N. Pew, millionaire oil man, and Joseph R. Grundy, head of the Manufacturers' Association.

In contrast, the three-way Democratic fight was quiet. David L. Lawrence, national committeeman, backed Ross and was reported by some observers to now be in line for the state chairmanship, a post (Turn to Page Seven)

### Gavin Wins Decisive Victory in District

Leon H. Gavin, of Oil City, won the Republican nomination for congress in the 20th Pennsylvania district with a decisive victory over George H. Schweitzer, of Warren, in Tuesday's primary election.

Although Gavin ran far ahead of his opponent in all other counties in the district, Schweitzer was given a fine complimentary vote in Warren county. Unofficial totals for this county showed 1,597 for Gavin and 1,411 for Schweitzer.

In Venango county, Mr. Gavin rolled up a margin of better than five to one.

No figures were available from Potter and Cameron counties at press time this afternoon, but reports from the two county seats stated Gavin was running well ahead of his opponent.

Totals to noon today were:  
County Dist. Gavin Schweitzer  
Warren 52 of 52 1,597 1,411  
Venango 78 of 78 5,259 1,398  
Clarion 48 of 52 2,081 361  
Forest 14 of 15 373 141  
McKean 42 of 54 1,756 681  
Elk 29 of 29 1,144 584  
Potter—no report.  
Cameron—no report.

### But Few Veteran Legislators Are Definitely Counted Out

against newcomers.

Defeated, however, were veteran representatives Fred Marks, of the sixth Berks county district; Matthew T. Knoble, sixth Lackawanna district; James J. McLane, third Luzerne district; Walter J. Vincent, Montour county; and Edwin M. Rhea, fourth Allegheny. All except Knoble and Rhea are Democrats.

Returns rolling in slowly from yesterday's senate contests showed incumbents firmly entrenched. Many were without opposition.

## Sodalists Of St. Joseph's Honor Priest

Sodalists of St. Joseph's parish gave a dinner party in the clubrooms last evening complimenting the assistant pastor of the church, Father Arthur Leon, and marking the fifth anniversary of his ordination to the priesthood.

Spring flowers were used to decorate the table, where places for 40 included those of Father William J. Moore, parish pastor; the Benedictine Sisters; Father James Daily, Emporium; Father Joseph Barry, Father Frances Gabbamonte, Father Stewart Franklin, all of Erie.

Following the serving, Father Leon was presented with a congratulatory gift and each priest extended hearty and witty greetings to top off a most successful evening.

Those responsible for preparation and serving of the dinner were Ann and Victoria Chiodo, Ellen Scivano, Jane Smerker, Kathleen Simmons, Anne Vizza and Rose Scialise.

## Election Is Held By Boro Instructors

Miss Glenda Gilmore, of the high school faculty, was re-elected president of the Warren Borough Teachers' Association at the final meeting in the high school Tuesday afternoon. Others returned to officers were: Vice president, Carl Harrison, of Beaty; secretary, Miss Christine Hurd, high school; treasurer, Miss Eva Brown, of Lacy.

A picnic for teachers, to be held at the Warr-Penn on Wednesday, June 3, was announced by Miss Millicent Kopp, chairman of this year's social committee.

Reports showed the association had been active not only in increasing the teacher's usefulness in the educational field but by taking a constructive interest in affairs handled by the state association.

John G. Rossman, school superintendent, thanked teachers for the splendid way in which they answered the government's call for their services in connection with the rationing program. No money was allotted for this part of the rationing program and Mr. Rossman expressed his appreciation and that of the community board for the teachers' work.

Mr. Rossman presented Dr. LaVersa Powers, director of special education of the Pennsylvania Department of Education, who emphasized the fact that every child at some time or other needs special adjustments in the classroom and gave statistics on blindness, speech defects, cardiac and epileptic cases and the mentally inferior and superior. Her talk was a splendid one and well worth hearing.

### ONE MORE DAY

Unless a special day is designated next week, Saturday will be the final day for registering bicycles at the borough police station, and with only about half of the total number of vehicles in the county having been licensed thus far, police headquarters issued a final warning to cyclists today not to neglect this compulsory registration this Saturday.

### UNUSUAL RECORD

State Senator L. E. Chapman, who was accorded a fine complimentary vote running unopposed for reelection recalled this morning that it was the first time in thirty-six years of political life that he had no opposition at the polls. He first ran upon completing college studies, when he was elected to the board of school directors in Glade. It had not been determined today whether he would have Democratic opposition in November.

## Community Memorial Sunday Services Are Being Planned

Warren's annual Community Memorial Service, honoring its war dead, will be held this Sunday evening, May 24th, at the American Legion Home. It will start promptly at 6:30 so as not to interfere with other church programs which may be held later that evening.

As in past years the exercises will be conducted from the porch of the Legion Home. The audience will find ample seating accommodations on chairs which will be placed on the inviting lawn. Music will be provided by the V. F. W. Band and the Warren High School A Cappella Choir. In case of rain or threatening weather the services will be held indoors.

Members of the joint committee representing the three service organizations have arranged the following program:

Presiding officer, Melvin G. Keller, Chief Cornplanter Post, No. 135.

Invocation, Father William J. Moore, St. Joseph's church. Music by V. F. W. Band. "America" by entire audience. Scripture reading, Rev. O. C. Mingleford.

Selection—"Columbia the Gem of the Ocean," Warren High School A Cappella Choir, directed by Carroll A. Fowler.

Memorial Day announcements. W. L. Walker, commander, Chief Cornplanter Post and Leo J. Schuler, commander Veterans of Foreign Wars.

Address, Rev. S. R. Schieb. Selection—"I Am An American," choir.

Benediction, Rev. William G. Woodward. National anthem, V. F. W. Band and audience.

The cooperating organizations are Eben N. Ford Post No. 334, G. L. Lieut. Lewis M. Clark Camp, No. 108, Spanish American War Veterans; Loten Dinsmoor-Fred Schwing Post No. 631, Veterans of Foreign Wars; Chief Cornplanter Post No. 135, American Legion, and the auxiliaries of these organizations.

Members of the committee sponsoring this service and the exercises to be held on Memorial Day are reminded of the meeting of the joint committee to be held Friday evening of this week at 7:30 at the V. F. W. headquarters, Pennsylvania avenue. At this time it is hoped to make final plans for Sunday night's service and to complete plans for the parade and exercises which will be held on Memorial Day, Saturday, May 30th.

This will be the first Memorial Day in 24 years to find our nation again at war and this reason alone makes the committee feel that there will be an unusually large turnout for the various activities that day.

The parade will be under the direction of the V. F. W. Members of Chief Cornplanter Post will have charge of the exercises at the speaker's stand at Oakland cemetery and members of the Spanish War Post will have charge of the impressive ritual at the G. A. R. Circle at the cemetery.

A more complete program for the day will appear in these pages next week. In the meantime the committee extends a cordial invitation to all veterans, members of their families and the public at large to join them in the services this Sunday evening and in the exercises to be held on Memorial Day.

### Jap Claims Disputed By Doolittle

(From Page One)  
medium bombers dropped their loads in plain view of the imperial palace in Tokyo, but on his express orders made no attempt to hit the palace itself.

Ranging a path from five to 20 miles wide and 40 miles long down the islands, the bombers scored direct hits on a nearly completed warship near Tokyo, the Mitsubishi aircraft factory at Nagoya, industrial concentrations, docks, shipyards and ammunition dumps.

Doolittle had high praise for the skill and precision with which the 79 officers and men who accompanied him carried out their mission. Each has been awarded the Distinguished Service Cross. All had volunteered, without knowing Japan was to be the objective, and were specially trained for weeks before leaving this country.

### SHARE YOUR CAR

If you are one of those who have demanded that Washington find something concrete you can do toward winning this war, your time has come.

Right at home, without hardship or sacrifice, you can help to save lives of tens of thousands of Americans, to knock months or years off the time it will require to whip Hitler, perhaps even to save us from defeat.

You can resolve, and plan, and organize—and make good—to save rubber by sharing your car with others when you drive to work, go shopping, take the children to school, or use the automobile for any essential purpose.

A new warning was sounded in Washington Tuesday when the War Production Board directed the Office of Defense Transportation to draw up a nation-wide plan for gasoline rationing to force the curtailment of automobile driving throughout the country to conserve rubber.

If we continue operating our cars as we have, 20 millions out of the 33 millions will be laid up by late summer of 1943, for the duration of the war.

Our whole productive economy is based upon use of the automobile. Without it, we can not get our war workers to and from their jobs.

We can not possibly meet the production demands of all out war without automobiles for workers' transportation.

In a year or 15 months, if we ignore present warnings and continue to waste rubber, vital factories must slow down because many workmen won't be able to get to their jobs.

By sharing rides the available tire supply can be made to last between three and four years. By that time we hope to have ended the war. If we haven't, there will be at least a possibility of relief through the production of synthetic rubber for the most pressing needs.

We can triple the lifetime of our national tire supply by sharing rides systematically, intelligently and universally. Probably we won't. No such system ever works perfectly. But, to beat Hitler, it would seem worth the attempt.

All over the country isolated agencies are promoting the idea. The National Association of Manufacturers is co-operating with the Office of Defense Transportation. The Michigan State Highway Department is experimenting in Pontiac. The Associated Industries of Maine, the Massachusetts Planning Board, the Connecticut Manufacturers Association are surveying the possibilities. The California Shipbuilding Company in Los Angeles, the Tennessee Coal and Iron Company in Birmingham are in the midst of experiments. The U. S. Rubber Company recently carried a full-page advertisement in many newspapers urging individuals to co-operate.

Here is a chance for individuals and organizations, labor unions and service clubs, civic associations, Legion posts and women's clubs to organize share-the-ride groups, to save rubber, to shorten the war, to save good American lives.

### SUMMING UP THE ELECTION

With less than thirty per cent of Pennsylvania's 4,600,000 registered voters casting ballots yesterday, Major General Edward Martin, Republican, was chosen to oppose F. Clair Ross, Democrat, in the forthcoming campaign for governor.

Martin gave U. S. Senator James J. Davis the first defeat of his long political career. Ross, state auditor general, defeated Judge Ralph H. Smith, of Pittsburgh, and Luther A. Harr, of Philadelphia, bituminous coal consumers' counsel, in the Democratic race.

The winners were both backed by their respective state committees, and their slates for other state-wide offices also triumphed.

It appears the Davis campaign folded up in the west where he had figured as strongest. Martin and Ross each ran well in Philadelphia, while Smith was accorded a 13,000 majority in Allegheny.

Fine complimentary votes were given Senator L. E. Chapman, and Assembly W. W. Muir, both unopposed for re-election. George H. Schweitzer, of this city, defeated in his race for the Republican nomination for representative in congress, also was accorded a large vote in this county.

## The Race Is Not Always to the Swift

### WASHINGTON IN WARTIME

By JACK STINNETT

WASHINGTON—The price ceilings will — temporarily at least — solve a lot of problems for the housewife who operates on a budget or allowance.

I say "temporarily" advisedly. With rationing and what-not just around the corner, the housewife is going to have no easy time of it.

For the time being, "fixed" prices for almost everything except certain (principally unprocessed) farm products are going to be a boon to the lady of the house. She can check her purchases against her budget without any fear that things will be half again as high next week.

BUT it isn't quite as simple as that. In the first place, there are going to be innumerable complications to shopping that the housewife heretofore hasn't had to take in her daily stride. Deliveries will be one-day or non-existent as stores change to cash-and-carry or otherwise cut operating costs by elimination of special services.

The housewife will have to be constantly on the alert against overcharges, "black market" operations, and other infringements of the price fixing order. Some of them will have to take the initiative in keeping retailers in line and that may mean going to court, for the law provides that customers may collect trouble damages and that persistent violators may be fined up to \$3,000 or jailed for a year.

THE housewife also is going to have to cope with a spread of rationing. There's hardly an off-server on the scene here who

doesn't say immediately that rationing will increase. It already here so far as sugar is concerned. Coffee and tea may be next. That will be just the beginning.

Rationing is the first wall of defense in the share-the-scarcity campaign and sharing the scarcity is as vital to inflation prevention as control of prices. It's the bulwark against the "black market"—the illegal trading in certain commodities at prices above the fixed level.

For the merchant, however, rationing means less business and as the system spreads, he will have to cut even deeper into his costs of operation, giving less and less service to the consumer.

ASIDE from rationing, there are two other important possibilities in the offing in the anti-inflation campaign. First, extension of the price ceiling to commodities not now included (principally farm products and certain personal services) and to wages. If these things tend to get out of line, this extension will come, or the whole program will collapse. The second is the granting of government subsidies to supply the consumer with certain products which otherwise would vanish from the market and to prevent some businesses from being forced to the wall.

In Canada, where there has been an over-all ceiling on all commodities and wages since the first of the year, government subsidies have been found to be a necessity and are spreading.

What lies ahead for the United States and for the housewife in this phase of the anti-inflation drive is anybody's guess.

### MAN ABOUT MANHATTAN

By GEORGE TUCKER

NEW YORK — Paul Schubert, gunnery expert and authority on naval warfare, pulled a letter out of the mailbox the other morning that solves the convoy problem once and for all. It was from an ex-sailor. "Why not have one of our subs trail our cargo ships, submerged, say about a half a mile behind the ship, and when enemy subs attack, destroy them?"

Sounds simple, doesn't it? The only trouble is there aren't enough submarines. The figures released by the War Department indicate we have something like 200 subs. But we have thousands of cargo ships. If we had thousands of subs we could probably blow all enemy opposition out of the water overnight and end the war.

SCHUBERT gets lots of mail like that. Some of it has logic. This ex-naval officer who was permitted to go down into the sunken German battleships at Scapa Flow, who served on U. S. battleships and cruisers, who has circled the globe, lived abroad, written biographies of warships and other books on war and now has become a widely admired commentator on naval warfare, has a daily turn-out in reader interest that solves all the ills of the world. Unfortunately, wars still have to be fought as they have been fought through the centuries, and these cure-alls are of little practical help. But they make interesting reading, and for them, Schubert, a thoughtful, sincere man, is grateful.

Schubert himself is a Connecticut

cut man who lives in a white plaster house with a red roof that overlooks five acres of ground. He has an office in New York whose walls are lined with military maps and with books of naval warfare. As an Annapolis man, he reads, lives and thinks little else. He is 43. He has sandy hair that has begun to gray at the temples. He is 5 feet 10 inches in height and weighs 175 pounds.

YOU wouldn't think, as you listen to his narratives of Madagascar, Tripoli, and the China seas that, a half hour earlier, he had probably been waiting accordion music toward the ceiling and yodling ancient European tangos, which he does on.

But he does. Paul Schubert is a walking man. Don't ever make the mistake of challenging him to a hiking duel. He's one of those strange guys who simply likes to walk. When he is in his best trim, he can hike 25 miles daily. Ordinarily, a 10-mile trek suffices. These are his figures, not mine. He got the habit, he says, in Europe, where people walk a great deal.

If his voice has puzzled you, as to accent, there is a reason. As a kid, he went to Stuyvesant High school, in the Bronx, and everybody knows what the Bronx can do to a razzle-dazzle cheer. At the Naval Academy, he acquired a slight southern drawl. Then he went west and learned the hard speech of the ranges. Later he lived abroad. These qualities distilled themselves into the low-pitched, soft, pure American voice that you know today. It is a voice that few people forget.

India has three times as many cattle as the United States.

## Give Reports At Red Cross Meeting Here

The regular meeting of the executive board of the Warren County Chapter, American Red Cross, was held at chapter headquarters, Monday evening, with fifteen members present.

The meeting was called to order by Vice-Chairman George E. Cowden, and the minutes of the last meeting were read and approved. The treasurer's report, read by Paul E. Harrington, was approved and ordered placed on file. Reports of the Sheffield Branch were given by Mrs. W. H. Rawson, and of the Tidoute branch by letter from Mrs. Edw. H. Cornish.

Calvin Hall, director of disaster preparedness committee, told of his recent talks with Donald Clark, national representative. In cases of disaster from natural causes the Red Cross assumes all responsibility for relief, but in cases of disaster from belligerent causes the Red Cross assumes responsibility of food, shelter, and clothing, as well as furnishing first aid corps when needed.

Mrs. W. F. Clinger reported the progress of the 20 classes in home hygiene; the nutrition class recently organized, and the nurses aide class now working at the Warren General Hospital. Plans for a second class in nurses aide were discussed, and enrollment for this proposed class is now being taken at the chapter headquarters. Plans for painting the chapter house were discussed, and the house committee was ordered to prepare standard specifications and submit them for bids on this work.

Mrs. R. W. Steber read her re-

port on the war production activities of the chapter.

George Cowden, chairman of the home service committee, announced the resignation of J. H. West as home service secretary and the appointment of Miss Helen M. Lauffenburger to this position.

The reports of the first aid and life saving committees were given jointly by Jasper Shepard and Harold Banghart. Mr. Shepard reported that approximately 800 persons have completed one or more of the prescribed courses. He reported that two classes in life saving and water safety with an enrollment of 20 are nearing completion. The committee decided to curtail training all classes except those required by the Office of Civilian Defense until such time as the requirements of that office are fulfilled. Mr. Banghart announced that a National Red Cross Aquatic School will be held at Chautauqua during June, and permission was granted the first aid committee to send one or two interested persons to this school.

Announcement was made that the employees of the Motor Lighthouse had completed the required training, and that the Motor Lighthouse had been designated as an official Red Cross Highway First Aid Station.

There being no further business, the meeting was adjourned until June 15th at which time the annual election of officers will take place.

We folks at home are getting a little touch of one prominent part of army life, as sugar, gas and whatever next is rationed, and that's standin' in line. I'll venture a lot of people have been standin' recently who thought all such lines led only to a race track bettin' window.

# Many Taking Part In War Bond Buying

The War Savings Committee of Warren and Forest Counties announces today that as of May 11th there were a total of forty organizations in which a total of 1965 employees are participating to the extent of 90% or more in the purchase of War Savings Bonds on the pay roll deduction plan. These include seventeen industries and businesses, ten banking organizations, eight schools, and five Borough departments.

Employees of several other industries, including some of the larger ones in Warren and Forest Counties, are now engaged in completing the installation of the pay roll allotment plan and are expected to report high percentages of employees in the near future.

Quoting from President Roosevelt's recent message to Congress, it is necessary for every individual to buy all the War Bonds he can possibly afford out of income as: "To keep the cost of living from spiraling upward we must encourage all citizens to contribute to the cost of winning this war by purchasing War Bonds with their earnings, instead of using those earnings to buy articles which are not essential." And the President further said: "To keep the cost of living from spiraling upward we must discourage credit and installment buying, and encourage the paying off of debts, mortgages, and other obligations; for this promotes savings, reduces excessive buying, and adds to the amount available to the creditors for the purchase of War Bonds."

### Martin Will Oppose Ross For Governor In the Fall Election

(From Page One)  
he held from 1934 to 1938. The present chairman, Meredith Meyers, supported Harr. U. S. Senator Joseph F. Guffey, at odds with Lawrence for the past four years, was in Smith's corner.

As soon as the result became known, however, the defeated camps put out statements of harmony. The Democrats apparently lost a seat in congress on the basis of unofficial returns in special elections to fill two vacancies.

Also apparently nominated with substantial majorities were: Lieutenant governor: Republican—John C. Bell, state secretary of banking, over William J. Hamilton, former secretary of revenue, and Ellwood J. Turner, ex-speaker of the house.

Democrat—Elmer Kilroy, speaker of the house, over Ramsey S. Black, third assistant postmaster general.

Secretary of internal affairs: Republican—William S. Livingston, Jr., the incumbent, over William F. Smith.

Democrat—Leo A. Achtermann, floor leader of the house, over Warren K. Hess, a former colleague.

Supreme court: Republican—Judge Allen M. Stearns over John S. Fine, William B. McGlenachan and J. Ambler Williams.

Democrat—Judge Grover C. Lader, unopposed.

Superior court: Republican—Judge Joseph Stadler, incumbent, over Judge Walter Brauman and John McI. Smith.

Democrat—Judge Michael A. Musmanno, unopposed.

Congress-at-large (one seat representing entire state): Republican—William L. Troutman, unopposed.

Democrat—Mrs. Inez B. Peel.

The Davis campaign folded up in the west, where the senator had figured as strongest.

Martin and Ross got their head starts in Philadelphia, however. The city's 1,322 districts gave Martin 151,144 votes to Davis' 86,865.

Ross got 59,711 votes to Smith's 26,844 and Harr's 18,720.

Martin's home county of Washington turned out in fine style for him and his 10,000 votes there was a five-to-one majority over Davis.

Ross had the same experience in his home area—Butler—where the vote in 18 districts was 407 for him and only 61 for Smith.

Smith was accorded a 13,000 majority over Ross in Allegheny—his home—with the count almost complete.

The voters favored incumbents in the legislative contests.

Achtermann and Ellwood J. Turner, Democratic and Republican floor leaders, respectively, dropped out of the legislature.

Achtermann ran successfully for secretary of internal affairs on the E. Clair Ross ticket and Turner sought the same job in his party but withdrew before the voting.

Speaker Elmer Kilroy of the house was nominated lieutenant governor with Ross and was unopposed for return to the assembly.

Rep. Don Wilkinson, a Republican, lost his campaign for the senate seat vacated by Robert M. Miller in the 20th district. He did not file for the house.

Rep. Elmer J. Holland, Allegheny Democrat, was nominated for the senate seat of Edward R. Frey who had been elected county controller.
